Braskem

São Paulo, February 2012.

Ref.: Benzene Registration as Intermediate

Following the REACH Regulation Obligations, Braskem /Braskem Qpar would confirm that substance below has been registered as an isolated intermediate (on-site or transported) in accordance with the conditions set out in article 18 (4):

(a) the substance is rigorously contained by technical means during its whole lifecycle Including manufacture, purification, cleaning and maintenance of equipment, sampling, analysis, loading and unloading of equipment or vessels, waste disposal or purification and storage;

(b) Procedural and control technologies shall be used that minimize emission and any resulting exposure;

(c) Only properly trained and authorized personnel handle the substance;

(d) In the case of cleaning and maintenance works, special procedures such as purging and washing are applied before the system is opened and entered;

(e) In cases of accident and where waste is generated, procedural and/or control technologies are used to minimize emissions and the resulting exposure during purification or cleaning and maintenance procedures;

(f) substance-handling procedures are well documented and strictly supervised by the site operator.

Benzene

CAS Number 71-43-2

EC Number 200-753-7

Registration Number for Braskem Qpar S.A.: 01-2119447106-44-0093

Registration Number for Braskem S.A.: 01-2119447106-44-0077

We would kindly ask a formal written confirmation from you that you have received this acknowledge from Braskem/ Braskem Qpar that the substance above was registered under Article 18 for use as a transported isolated intermediate under article 18(4) handled under strictly controlled conditions and that this has implications for you such as chemical conversion and strictly controlled conditions are to be applied.

This letter should be addressed back to e-mail: mayla.salmeron@braskem.com.br from a valid Legal Entity whose is commercializing the substance above with Braskem.

Yours sincerely,

Braskem S.A.
