Re.: Declaration of Substances of Very High Concern (SVHC)

Dear Customer,

Braskem S.A. declares that the grades of polypropylene, polyethylene and copolymer of Ethylene-Vinyl Acetate (EVA) do not contain any of the Annex XIV Candidate List of Substances of Very High Concern for authorization, as updated on December 19th 2011, above the 0.1% threshold as stated in REACH (Article 57, Regulation No. 1907/2006), determined either through (i) non-use of the substances, (ii) nor are they part of the raw-materials' production routes, (iii) mass balance calculation, or (iv) specific testing.

Sincerely,

Gabriela Baldino
