LEGAL OWNERSHIP OF DEBT SECURITIES

In this prospectus and in any applicable prospectus supplement, when we refer to the “holders” of debt securities as being entitled to specified rights or payments, we mean only the actual legal holders of the debt securities. While you will be the holder if you hold a security registered in your name, more often than not the registered holder will actually be a broker, bank, other financial institution or, in the case of a global security, a depository. Our obligations, as well as the obligations of the trustee, any registrar, any depository and any third parties employed by us or the other entities listed above, run only to persons who are registered as holders of our debt securities, except as may be specifically provided for in a contract governing the debt securities. For example, once we make a payment to the registered holder, we have no further responsibility for the payment even if that registered holder is legally required to pass the payment along to you as a street name customer but does not do so.

Street Name and Other Indirect Holders

Holding debt securities in accounts with banks or brokers is called holding in “street name.” If you hold our debt securities in street name, we will recognize only the bank or broker, or the financial institution that the bank or broker uses to hold the debt securities, as a holder. These intermediary banks, brokers, other financial institutions and depositories pass along to you, as an indirect holder, principal, interest and other payments, if any, on the debt securities, either because they agree to do so in their customer agreements or because they are legally required to do so. This means that if you are an indirect holder, you will need to coordinate with the institution through which you hold your interest in a security in order to determine how the provisions involving holders described in this prospectus and any applicable prospectus supplement will actually apply to you. For example, if the debt security in which you hold a beneficial interest in street name can be repaid at the option of the holder, you cannot redeem it yourself by following the procedures described in the prospectus supplement relating to that debt security. Instead, you would need to cause the institution through which you hold your interest to take those actions on your behalf. Your institution may have procedures and deadlines different from or additional to those described in this prospectus and any applicable prospectus supplement.

If you hold our debt securities in street name or through other indirect means, you should check with the institution through which you hold your interest in our debt securities to find out, among other things:

- how it handles payments and notices with respect to the debt securities;
- whether it imposes fees or charges;
- how it handles voting, if applicable;
- how and when you should notify it to exercise on your behalf any rights or options that may exist under the debt securities;
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a direct holder; and
- how it would pursue rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests.

Global Securities

A global security is a special type of indirectly held security. If we issue debt securities in the form of global securities, the ultimate beneficial owners can only be indirect holders. We do this by requiring that the global security be registered in the name of a financial institution we select and by requiring that the debt securities included in the global security not be transferred to the name of any other direct holder unless the special circumstances described below occur. The financial institution that acts as the sole direct holder

of the global security is called the “depository.” Any person wishing to own a security issued in global form must do so

Table of Contents

indirectly through an account with a broker, bank or other financial institution that in turn has an account with the depository. The applicable prospectus supplement will indicate whether the debt securities will be issued only as global securities.

As an indirect holder, your rights relating to a global security will be governed by the account rules of your financial institution and of the depository, as well as general laws relating to securities transfers. We will not recognize you as a holder of the debt securities and instead will deal only with the depository that holds the global security.

You should be aware that if our debt securities are issued only in the form of global securities:

- You cannot have the debt securities registered in your own name;
- You cannot receive physical certificates for your interest in the debt securities;
- You will be a street name holder and must look to your own bank or broker for payments on the debt securities and protection of your legal rights relating to the debt securities;
- You may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their debt securities in the form of physical certificates;
- The depository's policies will govern payments, transfers, exchanges and other matters relating to your interest in the global security. We, the trustee and any registrar have no responsibility for any aspect of the depository's actions or for its records of ownership interests in the global security. We, the trustee and any registrar also do not supervise the depository in any way; and
- The depository will require that interests in a global security be purchased or sold within its system using same-day funds for settlement.

In a few special situations described below, a global security representing our debt securities will terminate and interests in it will be exchanged for physical certificates representing the debt securities. After that exchange, the choice of whether to hold debt securities directly or in street name will be up to you. You must consult your bank or broker to find out how to have your interests in the debt securities transferred to your name, so that you will be a direct holder.

Unless we specify otherwise in the applicable prospectus supplement, the special situations in which a global security representing our debt securities will terminate are:

- the depository has notified us that it is unwilling or unable to continue as depository for such global security or the depository ceases to be a clearing agency registered under the Exchange Act, as amended, at a time when such depository is required to be so registered in order to act as depository, and, in each case, we do not or cannot appoint a successor depository within 90 days; or
- any of the notes has become immediately due and payable in accordance with "Description of the Debt Securities — Events of Default."

The applicable prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of debt securities covered by that prospectus supplement. When a global security terminates, the depository (and not us, the trustee or any registrar) is responsible for deciding which institutions will be the initial direct holders.

Table of Contents

DESCRIPTION OF THE DEBT SECURITIES

The following briefly summarizes the material provisions of the debt securities and the Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance indentures that will govern the debt securities, other than pricing and related terms and other terms that will be disclosed in the applicable prospectus supplement. You should read the more detailed provisions of the applicable indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of your series of debt securities, which will be described in more detail in the applicable prospectus supplement. This summary is subject to, and qualified in its entirety by reference to, the provisions of such indenture, the debt securities and the prospectus supplement relating to each series of debt securities. In this summary, references to “Braskem” mean Braskem S.A. only and do not include any of our subsidiaries.

Indentures

Any debt securities that we issue will be governed by a document called an indenture. The indenture is a contract entered into between any one of us and a trustee, currently The Bank of New York Mellon, and in the case of Braskem indenture (as defined below), a principal paying agent, currently The Bank of New York Mellon Trust (Japan), Ltd. The trustee under an indenture has two main roles:

- First, the trustee can enforce your rights against us if we default on our obligations under the indenture or the debt securities, although there are some limitations on the extent to which the trustee acts on your behalf that are described under “— Events of Default”; and
- Second, the trustee performs administrative duties for us, such as sending principal and interest payments to you and sending notices to you.

Braskem will issue debt securities under an indenture we refer to as the Braskem indenture. Braskem Finance will issue debt securities guaranteed by Braskem under an indenture we refer to as the Braskem Finance indenture. Braskem America Finance will issue debt securities guaranteed by Braskem under an indenture we refer to as the Braskem America Finance indenture. Braskem Austria Finance will issue debt securities guaranteed by Braskem under an indenture we refer to as the Braskem Austria Finance indenture.

Each of the Braskem, Braskem Finance, Braskem America Finance and Braskem Austria Finance indentures and their associated documents contain the full legal text of the matters described in this section. We have agreed in each indenture that New York law governs the indenture and the debt securities. We have filed a copy of the Braskem, Braskem Finance, Braskem America Finance and Braskem Austria Finance indentures with the SEC as exhibits to our registration statement. We have consented in each indenture to the non-exclusive jurisdiction of any U.S. federal or New York state court sitting in the borough of Manhattan in the City of New York, New York, United States and any appellate court from any thereof.

Types of Debt Securities

Together or separately, we may issue as many distinct series of debt securities under our indentures as are authorized by the corporate bodies that are required under applicable law and our corporate organizational documents to authorize the issuance of debt securities. Specific issuances of debt securities will also be governed by a supplemental indenture, an officer’s certificate or a document evidencing the authorization of any such corporate body. This section summarizes material terms of the debt securities that are common to all series of debt securities and to each of the Braskem, Braskem Finance, Braskem America Finance and Braskem Austria Finance indentures, unless otherwise indicated in this section and in the prospectus supplement relating to a particular series of debt securities.

Because this section is a summary, it does not describe every aspect of the debt securities. This summary is subject to and qualified in its entirety by reference to all the provisions of the indentures, including the definition of various terms used in the indentures. For example, we describe the meanings for only the more important

Table of Contents

terms that have been given special meanings in the indentures. Whenever we refer to defined terms of the indentures in this prospectus or in any prospectus supplement, those defined terms are incorporated by reference herein or in such prospectus supplement.

We may issue the debt securities at par (or with a small discount), at a premium or as original issue discount securities, which are debt securities that are offered and sold at a substantial discount to their stated principal amount. We may also issue the debt securities as indexed securities or securities denominated in currencies other than the U.S. dollar, currency units or composite currencies, as described in more detail in the prospectus supplement relating to any such debt securities. We will describe the U.S. federal income tax consequences and any other special considerations applicable to original issue discount, indexed or foreign currency debt securities in the applicable prospectus supplement.

In addition, the material financial, legal and other terms particular to a series of debt securities will be described in the prospectus supplement relating to that series. Those terms may vary from the terms described here. Accordingly, this summary also is subject to and qualified by reference to the description of the terms of the series of debt securities described in the applicable prospectus supplement.

In addition, the prospectus supplement will state whether we will list the debt securities of the series on any stock exchange or exchanges and, if so, which ones.

Form, Exchange and Transfer

The debt securities will be issued, unless otherwise indicated in the applicable prospectus supplement, in fully registered form without interest coupons and in minimum denominations of US\$2,000 and any integral multiples of US\$1,000 thereof.

You may have your debt securities broken into more debt securities of smaller authorized denominations or combined into fewer debt securities of larger authorized denominations, as long as the total principal amount is not changed. This is called an exchange.

You may exchange or transfer your registered debt securities at the office of the trustee. The trustee will maintain an office in New York, New York. The trustee acts as our agent for registering debt securities in the names of holders and transferring registered debt securities. The entity performing the role of maintaining the list of registered holders is called the "security registrar." It will also register transfers of the registered debt securities.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay any tax or other governmental charge associated with the registration of transfer or exchange. The transfer or exchange of a registered debt security will only be made if you have duly endorsed the debt security or provided the security registrar with a written instrument of transfer satisfactory in form to the security registrar.

If we designate additional transfer agents, they will be named in the applicable prospectus supplement. We may cancel the designation of any particular transfer agent. Braskem may also approve a change in the office through which any transfer agent acts or choose to act as our transfer agent.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities in order to freeze the list of holders to prepare the mailing during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing. We may also refuse to register transfers or exchanges of debt securities selected for redemption. However, we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Payment and Paying Agents

If your debt securities are in registered form, we will pay interest to you if you are a direct holder listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the security on the interest due date. That particular day is called the "regular record date" and will be stated in the applicable prospectus supplement.

We will pay interest, principal (and premium, if any) and any other money due on global registered debt securities pursuant to the applicable procedures of the depository or, if the debt securities are not in global form, at our office or agency maintained for that purpose in New York, New York. We may also choose to pay interest by mailing checks. Upon application by a holder to the specified office of the trustee or any paying agent not less than 10 business days before the due date for any payment in respect of a debt security, such payment may be made by transfer to a U.S. dollar account maintained by the holder with a bank in New York City. We may also arrange for additional payment offices, and we may cancel or change our use of these offices, including our use of the trustee's corporate trust office. These offices are called "paying agents." We may appoint paying agents outside the United States for a specific issuance of securities. We may also choose to act as our own paying agent.

Regardless of who acts as paying agent, all money that we pay as principal, premium or interest to a paying agent, or then held by us in trust, that remains unclaimed at the end of two years after the amount is due to a direct holder will, subject to any unclaimed property laws, be repaid to us or (if then held in trust) discharged from trust. After that two-year period, direct holders may look only to us for payment and not to the trustee, any other paying agent or anyone else.

Street name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

Notices

We and the trustee will send notices only to direct holders, using their addresses as listed in the registrar's records. In addition, if the debt securities of a series are listed on a securities exchange, we will provide notice to the holders in accordance with the applicable rules of such exchange.

Modification and Waiver

Each indenture provides several categories of changes that can be made to the indenture and the debt securities issued under that indenture. Such changes may or may not require the consent of the holders, as described below. A supplemental indenture will be prepared if holder approval is required.

Changes Requiring Each Holder's Approval

Each indenture provides that there are changes to the indenture that cannot be made without the approval of each holder of the outstanding debt securities affected thereby. Those types of changes include:

- reduce the rate of interest on any debt security or extend the stated maturity of any payment of interest on any debt security;
- reduce the principal amount of any debt security or extend the stated maturity of any payment of principal of (and premium, if any, on) any debt security;
- reduce the amount payable upon the redemption of any debt security or change the time at which any debt security may be redeemed;

- a change in the currency of any payment on a debt security or its place of payment;

Table of Contents

- a reduction in the principal amount of an Original Issue Discount Security that would be due and payable upon acceleration of the maturity of a debt security following a default;
- an impairment of the holder's right to sue for payment of any amount due on a debt security;
- a waiver of specified defaults in payment of principal of (and premium, if any, on) and interest on a debt security;
- in the case of the Braskem Finance, Braskem America Finance or Braskem Austria Finance indenture, amend any provisions of the payment obligations under guarantees in a manner that would materially and adversely affect the holders;
- a reduction in the percentage in principal amount of the outstanding debt securities the consent of the holders of which is needed to modify or amend the indenture or a debt security or waive compliance with various provisions of the indenture; and
- make any change in the amendment or waiver provisions which require each holder's consent.

Changes Not Requiring Approval

Each indenture provides that some changes do not require any approval by holders of outstanding debt securities under that indenture. This type of change includes, without limitation, (1) establishing the form or terms of a new series of debt securities as permitted by each indenture, (2) clarifying ambiguities, omissions, defects and inconsistencies, (3) amending or supplementing the indenture and (4) making other changes that, in the case of each (2), (3) and (4), would not adversely affect the holders of outstanding debt securities under that indenture in any material respect, such as adding covenants, additional events of default or successor trustees.

Changes Requiring Majority Approval

Each indenture provides that other changes to the indenture and the outstanding debt securities under the indenture requires the approval by the holders of debt securities that together represent a majority of the outstanding principal amount of the particular series affected. This approval would also be required for us to obtain a waiver of all or part of any covenants described below under “— Certain Covenants” or in the applicable prospectus supplement, for us to obtain a waiver of a past default, or to rescind or annul a declaration of acceleration with respect to debt securities of any series before a judgment or decree for payment of the money due has been obtained by the trustee if subject to the conditions described in “Events of Default — Remedies Upon an Event of Default.” The required approval must be given by written consent. However, we cannot obtain a waiver of a payment default or any other aspect of an indenture or the debt securities issued under that indenture described above under “— Changes Requiring Each Holder's Approval” unless we obtain the consent of all holders of the debt securities issued under that indentures to the waiver.

Further Details Concerning Voting

Debt securities will not be considered outstanding, and therefore the holders of those debt securities will not be eligible to vote or take other action under the applicable indenture, if we have deposited or set aside in trust for the holders money for their payment or redemption. Debt securities will also not be eligible to vote or take other action under the applicable indenture if they have been defeased as described under “— Defeasance and Discharge.” Debt securities held by Braskem, Braskem Finance, Braskem America Finance, Braskem Austria Finance or their affiliates are not considered outstanding.

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding debt securities that are entitled to vote or take other

action under the applicable indenture. In limited circumstances, the trustee, and not Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, will be entitled to set a record date for action by holders. If a record date is set for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding debt securities of that series on the record date and must be taken within 180 days following the record date or another period that we or, if it sets the record date, the trustee may specify. This period may be shortened or lengthened (but not beyond 180 days).

Table of Contents

Street name and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the debt securities or request a waiver.

Redemption

Unless otherwise indicated in the applicable prospectus supplement, your debt security will not be entitled to the benefit of any sinking fund; that is, we will not deposit money on a regular basis into any separate custodial account to repay your debt securities. In addition, other than as set forth in “— Optional Tax Redemption” below, unless otherwise specified in the applicable prospectus supplement, we will not be entitled to redeem your debt security before its stated maturity.

If the applicable prospectus supplement specifies a redemption date, it will also specify one or more redemption prices, which may be expressed as a percentage of the principal amount of your debt security or by reference to one or more formulae used to determine the redemption price. It may also specify one or more redemption periods during which the redemption prices relating to a redemption of debt securities during those periods will apply.

If the applicable prospectus supplement specifies a redemption commencement date, we may redeem your debt security at our option at any time on or after that date. If we redeem your debt security, we will do so at the specified redemption price, together with interest accrued to the redemption date. If different prices are specified for different redemption periods, the price we pay will be the price that applies to the redemption period during which your debt security is redeemed. If less than all of the debt securities are redeemed at any time, (1) the particular debt securities to be redeemed will be chosen by the trustee in compliance with the requirements governing redemptions of the principal securities exchange, if any, on which debt securities of the applicable series are listed or if such securities exchange has no requirement governing redemption or the debt securities of the applicable series are not then listed on a securities exchange, on a *pro rata* basis or by lot (or, in the case of debt securities issued in global form, subject to the applicable procedures of the depository), and (2) the trustee will authenticate and deliver to the holder of such debt securities without service charge, a new debt security or securities of the same series and of like tenor, of any authorized denomination as requested by such holder, in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the debt security so surrendered. If debt securities of any series are redeemed in part, the remaining outstanding amount of any debt security of that series must be at least equal to U.S.\$2,000 and be an integral multiple of U.S.\$1,000.

In the event that we exercise an option to redeem any debt securities, we will give to the trustee and the holders written notice of the principal amount of the debt securities to be redeemed, not less than five business day nor more than 60 calendar days before the applicable redemption date. We will give the notice in the manner described above under “— Notices.”

Optional Tax Redemption

Unless otherwise indicated in the applicable prospectus supplement, we will have the option to redeem, in whole but not in part, any series of debt securities if:

- as a result of a change in, or amendment to, any laws or regulations:
 - in the case of a series of debt securities issued or guaranteed by Braskem under the Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance indentures, Braskem or any successor has or will become obligated to pay additional amounts, as described below under “— Payment of Additional Amounts,” with respect to that series of debt securities or the related guarantee in excess of the additional amounts that Braskem or any successor would pay if payments in respect of that series of debt securities or the guarantee were subject to deduction or withholding for Brazilian Taxes (as defined

under “— Payment of Additional Amounts”) at a rate

Table of Contents

of (1) 15% generally in case of any taxes imposed by Brazil, or (2) 25% in case of taxes imposed by Brazil on amounts paid to residents of countries which do not impose any income tax or which impose it at a maximum rate lower than 20% or where the laws of that country or location impose restrictions on the disclosure of (x) shareholding composition; (y) the ownership of the investment; or (z) the beneficial ownership of income paid to non-resident persons, pursuant to Law No. 9,779, dated January 19, 1999;

- in the case of a series of debt securities issued by Braskem Finance under the Braskem Finance indenture, Braskem Finance or any successor has or will become obligated to pay additional amounts with respect to that series of debt securities in respect of deduction or withholding for Cayman Islands Taxes (as defined under “— Additional Amounts”); or
- in the case of a series of debt securities issued by Braskem Austria Finance under the Braskem Austria Finance indenture, Braskem Austria Finance or any successor has or will become obligated to pay additional amounts with respect to that series of debt securities in respect of deduction or withholding for Austrian Taxes (as defined under “— Additional Amounts”);

in any such case, as a result of such change in, or amendment to, such laws or regulations that occur on or after the date of the indenture for the applicable series of debt securities in the jurisdiction in which Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance or their respective successors, as applicable, are incorporated or any political subdivision or governmental authority thereof or therein having power to tax; and

- the obligation cannot be avoided by Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance or their respective successors, as applicable, after taking reasonable measures to avoid it. For this purpose, “reasonable” measures do not include any change in the jurisdiction of incorporation or organization or location of the principal executive office or registered office of Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance or their respective successors, as applicable.

If the debt securities are redeemed, the redemption price for the debt securities (other than original issue discount debt securities) will be equal to the principal amount of the debt securities being redeemed and any applicable premium plus accrued interest due on the date fixed for redemption. The redemption price for original issue discount debt securities will be specified in the applicable prospectus supplement for such debt securities. Furthermore, we must give you between five business days and 60 calendar days’ notice before redeeming the debt securities (except in the case of debt securities that have a variable rate of interest, which may be redeemed on any interest payment date).

Open Market Purchases

Subject to any restrictions described in the applicable prospectus supplement, we or our affiliates may at any time purchase debt securities from investors who are willing to sell from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. Debt securities that we or they purchase may, in our discretion, be held, resold or canceled, but will only be resold in compliance with applicable requirements or exemptions under the relevant securities laws.

Payment of Additional Amounts

Unless otherwise indicated in the applicable prospectus supplement, all payments in respect of the debt securities issued thereunder and the related guarantee, if any, will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments, or other governmental charges of whatever nature imposed or levied by or on behalf of Brazil (“Brazilian Taxes”), the Cayman Islands (in the case of securities issued under the Braskem Finance indenture) (“Cayman Islands Taxes”), or Austria (in the case of securities issued under the Braskem Austria Finance indenture) (“Austrian Taxes”), a successor jurisdiction or

Table of Contents

any political subdivision or authority therein or thereof having power to tax, unless Braskem, Braskem Finance or Braskem Austria Finance, as applicable, is compelled by law to deduct or withhold such taxes, duties, assessments or governmental charges. In such event, Braskem, Braskem Finance or Braskem Austria Finance, as applicable, will pay to each holder such additional amounts as may be necessary in order that every net payment made by Braskem, Braskem Finance or Braskem Austria Finance, as applicable, on each debt security of that series or the related guarantee after deduction or withholding for or on account of any Brazilian Taxes, Cayman Islands Taxes or Austrian Taxes, as the case may be, will not be less than the amount then due and payable on such debt security or the related guarantee. Notwithstanding the foregoing, none of Braskem, Braskem Finance, or Braskem Austria Finance will have to pay additional amounts:

- i. to, or to a third party on behalf of, a holder who is liable for such taxes, duties, assessments or governmental charges in respect of such debt security by reason of its having some present or former connection with (1) Brazil, (2) the Cayman Islands, in the case of debt securities issued under the Braskem Finance indenture, or (3) Austria, in the case of debt securities issued under the Braskem Austria Finance indenture, other than the mere holding of the debt security and the receipt of payments with respect to the debt security or the related guarantee;
- ii. in respect of any tax, assessment or other governmental charge that would not have been so imposed but for the presentation by a holder for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is made, whichever occurs later;
- iii. in respect of any tax, duty, assessment or other governmental charge to the extent that such tax, duty, assessment or other governmental charge would not have been imposed but for the failure of a holder or beneficial owner to comply with any certification, identification or other reporting requirements concerning the nationality, residence, identity or connection with Brazil, the Cayman Islands (in the case of securities issued under the Braskem Finance indenture), Austria (in the case of securities issued under the Braskem Austria Finance indenture), if (a) such compliance is required or imposed by law as a precondition to exemption from all or a part of such tax, duty, assessment or other governmental charge and (b) Braskem, Braskem Finance, or Braskem Austria Finance, as applicable, has given the holders at least 30 days' notice that holders will be required to comply with such requirement;
- iv. in respect of any estate, inheritance, gift, sales, transfer, excise or personal property or similar tax, assessment or governmental charge;
- v. where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Union Directive on the taxation of savings;
- vi. in respect of any tax, assessment or other governmental charge that would have been avoided by such holder presenting the relevant debt security (if presentation is required) or requesting that such payment be made to another paying agent, if applicable, in a member state of the European Union;
- vii. in respect of any tax, assessment or other governmental charge that is payable other than by deduction or withholding from payments of principal of (and premium, if any, on) or interest on the debt security of the applicable series; or
- viii. in respect of any combination of the above.

Notwithstanding anything to the contrary in the preceding paragraph, Braskem, Braskem Finance, Braskem America Finance, Braskem Austria Finance and any Paying Agent, the Trustee, the Principal Paying Agent or any other Person will be entitled to make any deduction or withholding without any liability, and will not be required to pay any additional amounts with respect to any such deduction or withholding, imposed on or in respect of any Note pursuant to Section 1471 through Section 1474 of the Code ("FATCA"), any treaty, law, regulation or other official guidance enacted by any jurisdiction in which we are organized, or in which payments on the Notes are made, or any successor jurisdiction or any political subdivision or authority therein or thereof having power to tax (each such jurisdiction, a "Taxing Jurisdiction"), implementing FATCA, or any agreement between us, the Trustee, the Principal Paying Agent or a Paying Agent and the United States, a Taxing Jurisdiction, or any authority of any of the foregoing

implementing FATCA.

Table of Contents

The applicable prospectus supplement may describe additional circumstances in which we would not be required to pay additional amounts.

The debt securities are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation. Except as specifically provided above, none of Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance will be required to make a payment with respect to any tax, assessment or governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein.

Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance will pay any present or future stamp, court or documentary taxes or any other excise or property taxes, charges or similar levies that arise in any jurisdiction from the execution, delivery, registration or the making of payments in respect of the debt securities and the guarantee, excluding any such taxes, charges or similar levies imposed by any jurisdiction outside of Brazil, the Cayman Islands, the United States or Austria, as the case may be, other than those resulting from, or required to be paid in connection with, the enforcement of the debt securities and the guarantee following the occurrence of any default or Event of Default.

No additional amounts will be paid with respect to a payment on any debt security or the guarantee to a holder that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or beneficial owner would not have been entitled to receive payment of the additional amounts had the beneficiary, settlor, member or beneficial owner been the holder of the debt securities or the related guarantee.

Any reference in this prospectus or the applicable prospectus supplement, the applicable indenture or the debt securities to principal of (and premium, if any, on) or interest on the debt securities or the guarantees by Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, will be deemed to include any additional amount, unless the context requires otherwise, that may be payable in respect of such principal (and premium, if any, on), or interest.

Certain Covenants of Braskem

Mergers and Similar Transactions

Unless otherwise specified in the applicable prospectus supplement, Braskem will covenant that Braskem will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of its assets to, any person, unless:

- the person formed by such consolidation or into which Braskem is merged (if not Braskem or any of its subsidiaries) or the person that acquires by conveyance, transfer or lease all or substantially all of the properties or assets of Braskem, which we refer to as the “successor person,” will expressly assume, by a supplemental indenture to the indenture, all obligations of Braskem under the applicable indenture and the debt securities or guarantee, as applicable, issued under that indenture;
- immediately after giving effect to such transaction, no Event of Default with respect to any debt security issued under the applicable indenture will have occurred and be continuing;
- Braskem has delivered to the trustee under the applicable indenture:
 - a certificate signed by an executive officer of Braskem stating that such consolidation, merger, conveyance, transfer or lease complies with this covenant and that all relevant conditions precedent provided in the applicable indenture have been complied with; and
 - an opinion of counsel stating that such consolidation, merger, conveyance, transfer or lease complies with this covenant and that all relevant conditions

precedent provided in the applicable indenture have been complied with; and

Table of Contents

- the successor person, if not organized and existing under the laws of Brazil, will expressly agree to withhold against any tax, duty, assessment or other governmental charge thereafter imposed or levied by Brazil, a successor jurisdiction or any political subdivision or authority thereof or therein having power to tax as a consequence of such consolidation, merger, conveyance or transfer with respect to the payment of principal of or interest on the debt securities, and to pay such additional amounts in respect of principal (and premium, if any) and interest as may be necessary to ensure that the net amounts receivable by holders of the debt securities or guarantee of Braskem, as applicable, after any such withholding or deduction will not be less than the amounts of principal, premium (if any) and interest, as applicable, which would have been receivable in respect of the debt securities or guarantees in the absence of such consolidation, merger, conveyance or transfer, subject to exceptions and limitations contained in “— Payment of Additional Amounts,” in relation to the successor jurisdiction; *provided* that notwithstanding anything to the contrary in this paragraph, the successor guarantor will be entitled to make any deduction or withholding, and will not be required to pay any additional amounts with respect to any such deduction or withholding, imposed on or in respect of any debt security pursuant to FATCA, any treaty, law, regulation or other official guidance enacted by the Cayman Islands, Brazil or Austria, as the case may be, any jurisdiction in which the successor guarantor is organized or in which payments on the debt securities are made (each such jurisdiction, a “Successor Guarantor Taxing Jurisdiction”), implementing FATCA, or any agreement between the successor guarantor, Braskem Finance or a paying agent and the United States, a Successor Guarantor Taxing Jurisdiction or any authority of any of the foregoing implementing FATCA.

Upon any consolidation, merger, conveyance or transfer in accordance with these conditions, the successor person will succeed to, and be substituted for, and may exercise every right and power of, Braskem under the debt securities or guarantee of Braskem, as applicable, with the same effect as if the successor person had been named as the issuer or guarantor, as applicable, of the debt securities issued under the applicable indenture.

If the conditions described above are satisfied, Braskem will not need to obtain the consent of the holders in order to merge or consolidate or convey, transfer or lease all or substantially all of its properties or assets to any other person. Also, Braskem will not need to satisfy these conditions if Braskem enters into other types of transactions, including the following:

- any transaction in which Braskem acquires the stock or assets of another person;
- any transaction that involves a change of control of Braskem, but in which Braskem does not merge or consolidate; and
- any transaction in which Braskem sells or otherwise disposes of less than substantially all of its assets.

Limitation on Liens

Unless otherwise specified in the applicable prospectus supplement, Braskem will covenant that for so long as any debt securities remain outstanding under the applicable indenture, Braskem will not, and will not permit any Significant Subsidiary to, create or suffer to exist any Lien upon any of its property or assets now owned or hereafter acquired by it or on any Capital Stock of any Significant Subsidiary securing any Indebtedness of Braskem or any Significant Subsidiary, other than a Permitted Lien, without in any such case effectively providing that the outstanding debt securities (together with, if Braskem so determines, any other Indebtedness of Braskem) are secured equally and ratably with or prior to such secured Indebtedness for so long as such Indebtedness is so secured. For the definitions of capitalized terms used in this paragraph, see “— Certain Defined Terms.”

Notwithstanding the definition of “Subsidiary,” solely for purposes of this “Limitation on Liens” covenant (but not the definition of “Consolidated Total Assets”), a corporation, association, partnership or other business entity that constitutes a joint venture or similar entity between Braskem and/or one or more of its Subsidiaries, on

the one hand, and one or more persons, on the other, and that would otherwise be a Subsidiary will not be deemed to be a Subsidiary (and, therefore, not subject to this “Limitation on Liens” covenant); *provided* that such joint venture or similar entity is not fully consolidated in the financial statements of Braskem (and instead is proportionately consolidated under CVM Instruction No. 247, as amended, or any successor provision because it is jointly controlled by Braskem and/or its Subsidiaries, on the one hand, and such other persons, on the other); and *provided, further*, that the Indebtedness secured or to be secured by Liens is incurred to finance the business of such joint venture or similar entity or property or assets owned or hereafter acquired, directly or indirectly, by it.

You should consult the prospectus supplement relating to your debt securities for further information about these covenants and whether they are applicable to your debt securities.

Substitution of Braskem Finance, Braskem America Finance or Braskem Austria Finance as Issuer of the Debt Securities

Braskem Finance (in the case of the Braskem Finance indenture), Braskem America Finance (in the case of the Braskem America Finance indenture), or Braskem Austria Finance (in the case of the Braskem Austria Finance indenture), may, without the consent of any holder of the debt securities, be substituted by (a) Braskem or (b) any Wholly-owned Subsidiary of Braskem as principal debtor in respect of the debt securities (in that capacity, the “**Substituted Issuer**”); *provided* that the following conditions are satisfied:

(1) such documents will be executed by the Substituted Issuer, Braskem Finance (in the case of the Braskem Finance indenture), Braskem America Finance (in the case of the Braskem America Finance indenture), or Braskem Austria Finance (in the case of the Braskem Austria Finance indenture), Braskem and the trustee as may be necessary to give full effect to the substitution, including a supplemental indenture under which the Substituted Issuer assumes all of the obligations of Braskem Finance, Braskem America Finance or Braskem Austria, as applicable, under the applicable indenture and the debt securities and, unless Braskem’s then-existing guarantee remains in full force and effect, a substitute guarantee issued by Braskem in respect of the debt securities (collectively, the “Issuer Substitution Documents”);

(2) if the Substituted Issuer is organized in a jurisdiction other than (x) the Cayman Islands (in the case of the Braskem Finance indenture), (y) Austria (in the case of the Braskem Austria Finance indenture), or (z) Delaware (in the case of the Braskem America Finance indenture), the Issuer Substitution Documents will contain covenants (i) to ensure that each holder of the debt securities has the benefit of a covenant in terms corresponding to the obligations of Braskem Finance, Braskem Austria Finance or Braskem America Finance, as applicable, in respect of the payment of additional amounts (but replacing references to the Cayman Islands, Austria, or Delaware, as applicable, with references to such other jurisdiction) and (ii) to indemnify each holder and beneficial owner of the debt securities against all taxes or duties that (a) arise by reason of a law or regulation in effect or contemplated on the effective date of the substitution that are incurred or levied against such holder or beneficial owner of the debt securities as a result of the substitution and that would not have been so incurred or levied had the substitution not been made, and (b) are imposed on such holder or beneficial owner of the debt securities by any political subdivision or taxing authority of any country in which such holder or beneficial owner of the debt securities resides or is subject to any such tax or duty and that would not have been so imposed had the substitution not been made, in each case subject to similar exceptions set forth under clauses (i) through (viii) under “— Additional Amounts,” *mutatis mutandis*; *provided*, that any holder making a claim with respect to such tax indemnity is required to provide Braskem Finance, Braskem Austria Finance, or Braskem America Finance, as applicable, with notice of such claim, along with supporting documentation, within four weeks of the announcement of the substitution of Braskem Finance, Braskem Austria Finance or Braskem America Finance, as applicable, as issuer; *provided further*, that notwithstanding anything to the contrary in this paragraph, the Substituted Issuer will be entitled to make any deduction or withholding, and will not be required to pay any additional amounts with respect to any such deduction or withholding, imposed on or in respect of any debt security pursuant to FATCA, any treaty, law, regulation or other official guidance enacted by the Cayman Islands,

Table of Contents

Brazil or Austria, as the case may be, any jurisdiction in which the Substituted Issuer is organized or in which payments on the debt securities are made (each such jurisdiction, a “**Substituted Issuer Taxing Jurisdiction**”), implementing FATCA, or any agreement between the Substituted Issuer, Braskem or a paying agent and the United States, a Substituted Issuer Taxing Jurisdiction or any authority of any of the foregoing implementing FATCA;

(3) Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, will deliver, or cause the delivery, to the trustee of opinions from internationally recognized counsel in the jurisdiction of organization of the Substituted Issuer and the State of New York as to the validity, binding effect and enforceability of the Issuer Substitution Documents and specified other legal matters, as well as an officer’s certificate as to compliance with the provisions described under this section;

(4) the Substituted Issuer will appoint a process agent in the Borough of Manhattan in The City of New York to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the debt securities, the applicable indenture and the Issuer Substitution Documents;

(5) no Event of Default under the applicable indenture has occurred or is continuing; and

(6) the substitution will comply with all applicable requirements under the laws of the jurisdiction of organization of the Substitute Issuer, Brazil and the Cayman Islands (in the case of the Braskem Finance indenture), Delaware (in the case of the Braskem America Finance indenture), or Austria (in the case of the Braskem Austria Finance indenture).

Upon the execution of the Issuer Substitution Documents, any substitute guarantees and compliance with the other conditions in the applicable indenture relating to the substitution, the Substituted Issuer will be deemed to be named in the debt securities as the principal debtor in place of Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, and Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, will be released from all of its obligations under the debt securities and the applicable indenture.

Not later than 10 business days after the execution of the Issuer Substitution Documents, the Substituted Issuer will give notice thereof to the holders of the debt securities.

Notwithstanding any other provision of the applicable indenture, Braskem (unless it is the Substituted Issuer) will do or cause to be done all acts and things and promptly execute and deliver any documents or instruments, including any substitute guarantees and a legal opinion of internationally recognized Brazilian counsel, that may be required, or that the trustee may reasonably request, to ensure that Braskem’s guarantees are in full force and effect for the benefit of the holders and beneficial owners of the debt securities following the substitution.

Defeasance and Discharge

The following discussion of full defeasance and covenant defeasance will apply to your series of debt securities.

Full Defeasance

Braskem, Braskem Finance (in the case of securities issued under the Braskem Finance indenture), Braskem America Finance (in the case of securities issued under the Braskem America Finance indenture), and Braskem Austria Finance (in the case of securities issued under the Braskem Austria Finance indenture) will be legally released from any payment and other obligations on the debt securities of the applicable series, except for various obligations described below (such release is referred to as “full defeasance”), provided that Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, in addition to other actions, puts in place the following arrangements for you to be repaid:

- Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, must irrevocably deposit in trust for your benefit and the benefit of all other direct holders of the debt

Table of Contents

securities of the applicable series a combination of money and non-callable U.S. government or U.S. government agency debt securities or bonds that, in the opinion of an internationally recognized firm of independent public accountants or investment bank, will generate enough cash without consideration of any reinvestment to make interest, principal (and premium, if any) and any other payments on the debt securities of the applicable series on their various due dates.

- Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, must deliver to the trustee a legal opinion of our counsel, based upon a ruling by the U.S. Internal Revenue Service or upon a change in applicable U.S. federal income tax law, confirming that under then-current U.S. federal income tax law Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, may make the above deposit without causing you to be taxed on the debt securities of the applicable series any differently than if Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, did not make the deposit and instead repaid the debt securities itself of the applicable series.

If Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance ever accomplished full defeasance as described above, you would have to rely solely on the trust deposit for repayment on the debt securities of the applicable series. You could not look to Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance for repayment in the unlikely event of any shortfall. However, even if Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance takes these actions, a number of our obligations relating to the debt securities of the applicable series will remain, including to register the transfer and exchange of debt securities and to replace mutilated, destroyed, lost or stolen debt securities.

Covenant Defeasance

Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, can make the same type of deposit described above and be released from all or some of the covenants and certain Events of Default that apply to the debt securities of that particular series. This is called “covenant defeasance.” In that event, you would lose the protection of those covenants but would gain the protection of having money and debt securities set aside in trust to repay the debt securities of that series. In order to achieve covenant defeasance, Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, would be required to take all of the steps described above under “— Full Defeasance,” except that the opinion of counsel would not have to refer to a change in United States Federal income tax laws or a ruling from the United States Internal Revenue Service.

If Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, were to accomplish covenant defeasance, the following provisions of the indenture and/or the debt securities of the applicable series would no longer apply:

- certain covenants applicable to the series of debt securities described herein and in the applicable prospectus supplement; and
- the first and second Events of Default described below under “— Events of Default — What Is an Event of Default?” with respect to Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, and the third and fourth Events of Default described below under “— Events of Default — What Is an Event of Default?” with respect to any Significant Subsidiary.

If Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, accomplishes covenant defeasance, you would still be able to look to it for repayment of the debt securities of the applicable series if there were a shortfall in the trust deposit. If any event of default occurs and the debt securities of the applicable series become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

Ranking

The applicable prospectus supplement will indicate whether the debt securities of a particular series are subordinated to any of our other debt obligations. If they are not subordinated, they will rank equally with all our other unsecured and unsubordinated indebtedness. Unsecured debt securities will effectively be subordinated to our secured indebtedness.

Events of Default

Each indenture provides that you will have special rights if you hold debt securities issued under that indenture and an event of default occurs under that indenture and is not cured or waived, as described later in this subsection and as may be specified in the applicable prospectus supplement.

What Is an Event of Default?

Each indenture provides that the term “Event of Default” with respect to any series of debt securities means any of the following, unless otherwise specified in the applicable prospectus supplement:

- (1) failure to pay any interest on any of the debt securities of that series on the date when due, which failure continues for a period of 30 days; or failure to pay any principal of (including premium, if any, on) any of the debt securities of that series on the date when due upon its Stated Maturity, upon redemption, or otherwise.
- (2) Braskem, Braskem Finance (in the case of securities issued under the Braskem Finance indenture), Braskem America Finance (in the case of securities issued under the Braskem America Finance indenture), or Braskem Austria Finance (in the case of securities issued under the Braskem Austria Finance indenture) fails to comply with any of its other covenants or agreements in respect of the debt securities of that series or the applicable indenture (other than those referred to in the foregoing clause (1)) and such failure continues for a period of 60 days after Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, receives a notice of default from the trustee or holders of 25% of the principal amount of the outstanding debt securities of the affected series;
- (3) Braskem pursuant to or within the meaning of any Bankruptcy Law: (1) commences a voluntary case or files a request or petition for a writ of execution to initiate bankruptcy proceedings or have itself adjudicated as bankrupt; (2) applies for or consents to the entry of an order for relief against it in an involuntary case; (3) applies for or consents to the appointment of a custodian of it or for any substantial part of its property; (4) makes a general assignment for the benefit of its creditors; (5) proposes or agrees to an accord or composition in bankruptcy between itself and its creditors; or (6) files for a reorganization of its debts (judicial or extrajudicial recovery);
- (4) A court of competent jurisdiction enters an order or decree under any Bankruptcy Law that: (1) is for relief against Braskem in an involuntary case; (2) appoints a custodian of Braskem or for any substantial part of the property of Braskem; (3) orders the winding up or liquidation of Braskem; (4) adjudicates Braskem as bankrupt or insolvent; (5) ratifies an accord or composition in bankruptcy between Braskem and the respective creditors thereof; or (6) grants a judicial or extrajudicial recovery to Braskem, and in the case of any of (1) through (6), the order or decree remains unstayed and in effect for 45 days; or
- (5) the occurrence of any other Event of Default described in the applicable prospectus supplement.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under the applicable indenture, although the default and acceleration of one series of debt securities may trigger a default and acceleration of another series of debt securities.

Table of Contents

Braskem, Braskem Finance (in the case of securities issued under the Braskem Finance indenture), Braskem America Finance (in the case of securities issued under the Braskem America Finance indenture), or Braskem Austria Finance (in the case of securities issued under the Braskem Austria Finance indenture) will furnish to the trustee within 120 days after the end of our fiscal year every year a written statement of certain of its officers or directors, as the case may be, that will either certify that, to their knowledge, it is in compliance with the applicable indenture and the debt securities of each series issued thereunder or specify any default.

Remedies upon an Event of Default

Except as provided in the next sentence, if an event of default has occurred and has not been cured, the trustee may, or at the written request of holders of not less than 25% in principal amount of the outstanding debt securities of the applicable series will, declare all unpaid principal of (and premium, if any, on) and accrued and unpaid interest on all debt securities of that series to be due and payable immediately, and upon any such declaration, such amounts will become immediately due and payable. If an event of default occurs because of a bankruptcy, insolvency or reorganization relating to Braskem, the unpaid principal of (and premium, if any, on) and accrued and unpaid interest on the debt securities under the applicable indenture will be automatically accelerated, without any declaration or action by the trustee or any holder.

Each of the situations described above is called an acceleration of maturity. If the maturity of the debt securities of any series is accelerated and a judgment for payment has not yet been obtained, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may cancel the acceleration of the debt securities of that series, *provided* that (1) Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable, has paid or deposited with the trustee under the applicable indenture a sum sufficient to pay (a) all overdue interest on all of the debt securities of the applicable series, (b) the principal of (and premium, if any, on) any debt securities of the applicable series that has become due (other than amounts due solely because of the acceleration), (c) interest upon overdue interest on such overdue interest as provided in the applicable indenture and supplemental indenture (to the extent that payment of this interest is lawful), and (d) all sums paid or advanced by the trustee under the applicable indenture and the reasonable compensation, expenses, disbursements and advances of the trustee, its agents and counsel, and (2) all other Events of Default with respect to the debt securities of the applicable series have been cured or waived, other than the nonpayment of principal that has become due solely because of acceleration.

The trustee is not required under any of the indentures to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the applicable indenture, or in the exercise of any of its rights or powers, if the trustee has reasonable grounds for believing that repayment of the funds or adequate security or indemnity against such risk or liability is not assured to it.

Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities of any series, the following must occur:

- you must give the trustee under the applicable indenture written notice that an event of default has occurred and remains uncured;
- the holders of not less than 25% in principal amount of the outstanding debt securities of that series must make a written request that the trustee take action because of the default, and they or other holders must offer to the trustee indemnity reasonably satisfactory to the trustee against the costs, expenses and liabilities to be incurred in taking that action;
- the trustee must not have taken action for 60 days after the above steps have been taken; and
- during those 60 days, the holders of a majority in principal amount of the outstanding debt securities of the applicable series must not have given the trustee directions that are inconsistent with the written request of the holders that the trustee take action because of the default.

Table of Contents

However, under each indenture, you are entitled at any time to bring a lawsuit for the payment of money due on your debt security on or after its due date if it has not been paid in full by Braskem, Braskem Finance, Braskem America Finance or Braskem Austria Finance, as applicable.

Street name and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to declare or cancel a declaration of acceleration.

Waiver of Past Default

The holders of not less than a majority in principal amount of the debt securities of any series may waive any past default for the debt securities of that series, except for payment defaults and other defaults that cannot be waived without the consent of each holder. If this happens, the default will be treated as if it had not occurred.

Street name and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to waive a default.

ENFORCEABILITY OF CIVIL LIABILITIES

Brazil

Braskem is a corporation (*sociedade por ações*) incorporated under the laws of Brazil. Braskem has been advised by Pinheiro Neto Advogados, its Brazilian counsel, that judgments of non-Brazilian courts for the payment of money, including for civil liabilities predicated upon the laws of countries other than Brazil, including the U.S. securities laws, subject to certain requirements described below, may be enforced in Brazil. A judgment against either Braskem or any other person described above obtained outside Brazil would be enforceable in Brazil against it or any such person without reconsideration of the merits, upon confirmation of that judgment by the Brazilian Superior Court of Justice (*Superior Tribunal de Justiça*), or STJ. That confirmation, generally, will occur if the foreign judgment:

- fulfills all formalities required for its enforceability under the laws of the jurisdiction where the foreign judgment is granted;
- is issued by a competent court after proper service of process is made on the parties, which service must comply with Brazilian law if made in Brazil;
- is final and therefore not subject to appeal;
- is for a sum certain;
- is authenticated by a Brazilian consular office with jurisdiction over the location of the court that issued the foreign judgment and is accompanied by a sworn translation into Portuguese; and
- is not contrary to Brazilian national sovereignty, public policy or public morality.

The confirmation process may be time-consuming and may also give rise to difficulties in enforcing the foreign judgment in Brazil. Accordingly, Braskem cannot assure you that confirmation would be obtained, that the confirmation process would be conducted in a timely manner or that a Brazilian court would enforce a monetary judgment for violation of the laws of countries other than Brazil, including the U.S. securities laws.

Braskem has also been advised that:

- civil actions may be brought before Brazilian courts based on the federal securities laws of the United States and that, subject to applicable law, Brazilian courts may enforce such liabilities in such actions against it (provided that provisions of the federal securities laws of the United States do not contravene Brazilian public policy, good morals or national sovereignty, and provided further that Brazilian courts can assert jurisdiction over the particular action); and
- the ability of a judgment creditor to satisfy a judgment by attaching certain assets of the defendant in Brazil is governed and limited by provisions of Brazilian law.

A plaintiff (whether Brazilian or non-Brazilian) who resides outside Brazil during the course of litigation in Brazil must provide a bond to guarantee court costs and legal fees if the plaintiff owns no real property in Brazil that may ensure such payment. This bond must have a value sufficient to satisfy the payment of court fees and defendant's attorneys' fees, as determined by the Brazilian judge, except in the case of the enforcement of foreign judgments that have been duly confirmed by the STJ and in the case of claims for collection of debts based on a *título executivo extrajudicial* (an instrument which may be enforced in Brazilian courts without a review on the merits, which might not be the case of the debt securities and the guarantees).

Braskem has been advised that, if the notes or the indenture were to be declared void by a court applying the laws of the State of New York, a judgment obtained outside

Brazil seeking to enforce the guarantees may not be ratified by the STJ in Brazil.

Cayman Islands

Braskem Finance is an exempted company which was incorporated with limited liability under the laws of the Cayman Islands. Braskem Finance has been advised by Maples and Calder, Cayman Islands counsel to Braskem Finance and Braskem, that there is no statutory enforcement in the Cayman Islands of judgments obtained in the State of New York or Brazil. However, the courts of the Cayman Islands will recognize and enforce a foreign judgment as the basis for a claim at common law in the Cayman Islands without any re-examination of the merits of the underlying dispute, by an action commenced on the foreign judgment debt in the Grand Court of the Cayman Islands, provided that such judgment is rendered by a foreign court of competent jurisdiction, imposes on the judgment debtor a liability to pay a liquidated sum for which the judgment has been rendered, is final, is not in respect of taxes, a fine or a penalty and was not obtained in a manner and is not of a kind the enforcement of which is contrary to the public policy of the Cayman Islands.

Austria

Braskem Austria Finance is a limited liability company (*Gesellschaften mit beschränkter Haftung*) incorporated under the laws of Austria. Braskem Austria Finance has been advised by Baker & McKenzie Diwok Hermann Petsche Rechtsanwälte GmbH, Austrian counsel to Braskem Austria Finance and Braskem, that the Austrian rules of civil procedure materially differ from those applicable in the United States (including, but not limited to, court fees dependent on the amounts claimed and payable upon filing of a claim, or compensation of the prevailing party's attorney's fees, no discovery procedure). Compensation for damages may not be claimed under Austrian law on the same merits or in the same amount as compared to damages claimed under U.S. law. All of Braskem Austria Finance's directors and officers are nationals and/or residents of countries other than the United States, and all or a substantial portion of Braskem Austria Finance's or such persons' assets are located outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon Braskem Austria Finance or such persons or to enforce against them, judgments obtained in U.S. courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state thereof.

Currently, no treaty providing for the reciprocal recognition and enforcement of judgments, other than arbitration awards, between the United States and Austria in civil and commercial matters is in force. There is also no applicable ordinance of the Austrian government in place. Therefore, a judgment rendered by any (federal or state) court in the United States against Braskem Austria Finance, whether or not solely predicated upon U.S. securities laws, will not be enforceable in Austria. Accordingly, the subject matter upon which a judgment has been obtained in a U.S. court must be re-litigated before Austrian courts in accordance with applicable Austrian Civil Procedure Laws (*Zivilprozessordnung*). Enforcement procedures can be initiated under the Austrian Enforcement Act (*Exekutionsordnung*) only after having obtained a final judgment before Austrian courts.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 8. Indemnification of Directors and Officers

Neither the laws of Brazil nor Braskem's bylaws or other constitutive documents provide for indemnification of directors and officers. Under the Brazilian Civil Code, acts of willful misconduct, negligence, incompetence, imprudence or illegality require indemnification of any third person that incurred losses or damages arising from such illegal action. Braskem maintains standard policies of insurance under which coverage is provided (a) to its directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act, and (b) to Braskem itself with respect to payments which may be made by Braskem to such officers and directors pursuant to the above indemnification provision or otherwise as a matter of law.

The laws of the Cayman Islands do not provide for indemnification of directors and officers. Braskem Finance's memorandum and articles of association provide that Braskem Finance is required to indemnify officers and directors out of its assets and funds against any liability which they incur or sustain in or regarding the conduct of Braskem Finance's business or affairs in the execution or discharge of their respective duties, powers, authorities or discretions, including any costs, expenses, losses or liabilities incurred in defending (whether successfully or otherwise) any civil proceedings concerning Braskem Finance in the Cayman Islands or elsewhere. Braskem Finance's Memorandum and Articles of Association further provides that no officer or director will be liable for acts, omissions, losses, damages or other misfortune arising from their execution or discharge of duties, powers, authorities, discretions of office or in relation thereto, unless resulting from the officer's or director's actual fraud or willful default.

Braskem America Finance's bylaws provide that Braskem America Finance is required to indemnify and hold harmless officers and directors and their personal representatives, to the fullest extent authorized by Delaware General Corporation Law, against any expense, liability or loss (including without limitation, attorneys' fees, judgments, fines, excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such officer or director, or their personal representative, have served Braskem America Finance in such capacity.

Neither Austrian law nor the articles of association of Braskem Austria Finance provide for indemnification of its managing directors.

Item 10. Undertakings

(a) Each of the undersigned registrants hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

II-2

Table of Contents

ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this item do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act of 1933 need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Item 8.A. of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement;

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

i. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

ii. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of the registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section (10)(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time

Table of Contents

shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; and

(6) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the registrant undertakes that in a primary offering of securities of a registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser: (i) any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424; (ii) any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant; (iii) the portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and (iv) any other communication that is an offer in the offering made by the registrant to the purchaser.

(b) Each of the undersigned registrants hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each of the registrants pursuant to the foregoing provisions, or otherwise, each of the registrants has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
