Re.: Declaration of Substances of Very High Concern (SVHC)

Dear Customer,

Braskem S.A. declares that the grades of polypropylene, polyethylene and copolymer of Ethylene-Vinyl Acetate (EVA) manufactured by Braskem S.A. do not contain any of the Annex XIV Candidate List of Substances of Very High Concern for authorization, as updated on January 15th 2018, above the 0.1% threshold as stated in REACH (Article 57, Regulation No. 1907/2006), determined either through (i) non-use of the substances, (ii) nor are they part of the raw-materials' production routes, (iii) mass balance calculation, or (iv) specific testing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gabriela Baldino".
